Assessment is a critical service designed to help you achieve success in college. Results from SBCC's Assessment test assist you and your counselor in making decisions regarding appropriate course selection. It is important to begin taking math and English early in your college career.

This contract will temporarily clear your new student Assessment hold, but you will not be able to register for math and/or English courses until you complete Assessment. Plan to test as soon as you come to the Santa Barbara area to permanently clear your hold and permit enrollment in math and English courses. Important: You may only defer for one semester. If you do not take your test(s) prior to next semester, you will be unable to register for classes.
