

First-Year Course Recommendations – *Administration of Justice or Criminal Justice

Full-time students typically choose a combination of these courses - totaling 12-16 units per semester.

	Course	Course Title	Course Advice	Units	Semester	
					1st	2nd
Major	AJ 101	Introduction to Administration of Justice	Criminal Justice at SBCC is called Administration of Justice. This AJ 101 course is a great beginning course taking an initial look at many of the topics typically covered in greater details at the four year colleges. It also counts as a Social Science for general education. Note: has a Skills Advisory of eligibility for ENGL 110.	3		
General Education	English	See: Which English Course Should I Take?	English is a foundational skill necessary for success in all college courses. Take whichever level of English you assessed into. Note: most SBCC courses have Skills Advisories Eligibility for ENGL 110.	3-5		
	Math	See: Understanding Your Math Course Placements	Math is a foundational skill that can be harder the longer you wait to take it. We recommend getting started on it now. You will need one college level math course for admission to the California public universities. Some Communication majors (including UCSB) require Math 117 – Elementary Statistics for the major.	3-5		
	Arts and Humanities	See: IGETC Area 3A & 3B ; SBCC GE Pattern Area C	Look for courses with Skills Advisories which match your placement levels and that seem interesting to you.	3		
	Social Sciences	See: IGETC Area 4 ; SBCC GE Pattern Area B	Some Administration of Justice (AJ) courses count in this area, but if you plan to transfer you will also need at least one course from another area besides AJ . Some four year colleges want courses for the AJ or Criminal Justice major from other disciplines in this area (i.e. Anthropology, Psychology, Sociology). See Assist.org and look for courses with Skills Advisories that match your placement levels and that seem interesting to you.	3		
	Science	See: IGETC Area 5A, 5B, & 5C SBCC GE Pattern Area A	UC and CSU campuses require two science courses – one from each of two different areas, but only one of them is required to have a lab component. Underlined courses on IGETC are the ones with the labs.	3-4		
Electives	PD 100	College Success	PD 100 is designed to teach study skills for academic success in college. It introduces resources available at SBCC and allows students to explore major and transfer goals.	3		
	PD 110	Career Planning	PD 110 is designed to help students explore major and career options while also gaining interview, communication, and resume writing skills. Note: both courses transfer to UC's and CSU's but UC's only count units for one (so we recommend you only take one).			
	PE	Physical Education Activities	You can transfer up to 4 units of PE activity courses to the UC system and more to CSU campuses. They can be a great way to manage stress and maintain physical health. Many of these courses are graded.	1		
	Any course of interest		Taking courses you are interested in can be one of the best ways to explore major and career options. SBCC offers many incredible courses in areas outside of major and general education that are still desired by the UC and CSU systems.	1-5		

*** This major might have different names at different campuses. The two most common names are Administration of Justice and Criminal Justice. At SBCC the Administration of Justice courses are offered by SBCC's School of Justice Studies.**
